

GLOBAL FEAST

Haemophilia Foundation Australia will join members of other haemophilia organisations around the world and the World Federation of Hemophilia for **GLOBAL FEAST 2008**.

You are invited to be an official **GLOBAL FEAST** host. Time your event around the month of September 2008. Invite your family, friends and work colleagues to a meal and ask them to bring a donation instead of flowers, wine or a gift. Explain that the proceeds will go to international programs and services to support people worldwide with bleeding disorders. Remember that 75% of people affected by bleeding disorders throughout the world are still untreated. Make sure you add that every dollar donated will be used to make a difference to the lives of these people.

If a dinner isn't your "cup of tea", any type of festive event will do — a pancake breakfast, pizza party, backyard barbeque, afternoon tea or picnic lunch. Do it at home, or meet in the park! Be creative and have fun!

If you are interested in participating in **GLOBAL FEAST** please contact us. We will send you everything you need to make your event a success; brochures, promotional items, posters and tax deductible receipts for your guests.

It's so easy, when you think about it, but it will make a huge difference to the lives of others.

It's so easy, when you think about it, but it will make a huge difference to the lives of others.

What can you do?

- Organise a morning or afternoon tea at your workplace.
- Organise a sausage sizzle outside your local supermarket (please seek permission).
- Contact your local restaurant and ask them to participate. Invite your closest friends for a meal.
- Organise a dinner with members at your Haemophilia Foundation.
- Host a BBQ street party.
- A cooking demonstration party to share the secrets on how to prepare a favourite dish.

For more information or to register please call Natasha Coco on 1800 807 173, email ncoco@haemophilia.org.au or visit the official **GLOBAL FEAST** website www.globalfeast.org

Choose to make a difference this year. Join **GLOBAL FEAST**.

Haemophilia Awareness Week

Haemophilia - factors that matter
Haemophilia Awareness Week
12-18 October 2008

The theme, Haemophilia ~ **Factors that matter**, aims to raise awareness of haemophilia and other bleeding disorders.

You can help promote Haemophilia Awareness Week in many ways ~

- Set up a stand in your workplace, school, hospital or library
- Hand out promotional items in your local area
- Assist your local foundation during the week
- Organise a casual clothes day at your workplace or school – Red and White Day for a gold coin donation

- Organise a luncheon, sausage sizzle or morning/afternoon tea

Promotional items – Balloons, Stickers, Posters and Bookmarks – will be available and there will be a colouring in competition for children. If you would like to receive a promotional package or run an event to coincide with the week contact HFA on 1800 807 173 or email ncoco@haemophilia.org.au

- INDIVIDUALS**
- Mr Kevin A'Hearn
 - Mr Roderick Ackroyd

 - Mrs Joan

I help Daddy push the trolley into the kitchen. It is very heavy. When Daddy is ready I pass him the factor.

Then I get to hold the bandaid. I have to be careful not to scrunch it up or loose it. While Tom is sitting on Mummy's knee I stand next to him and sing him songs. Sometimes I pat his head and say "Good boy Tom". When Daddy takes the needle out I get Tom to guess who is on the Sesame Street bandaid. He always shouts "Elmo" but sometimes it is Cookie or Ernie or Oscar. I like it when it is all the Sesames. I always guess right and I shout "I'm right, I'm right"!

Tom is lucky to have a big sister. I show him how to do new things and we play games. I teach him how to say words and slide down the big slide. Did I tell you I am a big girl and soon I am going to Kinder.....

"While Tom is sitting on Mummy's knee I stand next to him and sing him songs. Sometimes I pat his head and say, good boy Tom."

Tom has a port. When it first went in I used to kiss it in the bath. That made Tom giggle. On three mornings a week Mummy and Daddy give Tom his factor. I am the helper. First I rub my hands with antiseptic cream. Next I help put the numbing cream onto the port. Tom lies down and I squeeze it on. Sometimes he wriggles a lot! Then Daddy quickly sticks the skin tape on before Tom wriggles away. Then I peel off the edge of the skin tape.

My next job is to go to the fridge and get out the factor. I put the box up high on the bench so Tom can't reach it. Then we have our weetbix.

When Mummy and Daddy set up the transfusion I play with Tom so he doesn't get into mischief. This makes Mummy and Daddy happy.

Haemophilia Foundation Research Fund

To donate to the Haemophilia Foundation Research Fund call HFA on 1800 807 173 or nominate the fund on your donation coupon.

The Haemophilia Foundation Research Fund was established in 1994 to support Australian based medical, scientific and social research to benefit the treatment and care of people with haemophilia and related bleeding disorders. The fund has provided for 21 research projects over its 13 year history, representing a total amount of \$467,592.

Some projects have focussed on –

- Genetics of haemophilia
- Mutation detection in haemophilia
- Impact of joint damage
- Bone density in people with bleeding disorders
- A study of people infected with HIV through blood products
- Immune mechanisms and tolerance induction
- Symptom impact for people living with hepatitis C
- Towards a cure for haemophilia through gene therapy

An amount of \$45,000 was allocated towards 2 research projects during 2007:

- Ms Dilinie Herbert (Monash University, Victoria)

Social and ethical dimensions of genetic testing (\$20,000)

- Professor Eric Gowans (Burnet Institute, Victoria)

The identification and analysis of antiviral agents which target the HCV IRES (\$25,000)

Haemophilia is rare, and research in this area is expensive. It is difficult for the small clinical and research community involved in the treatment of bleeding disorders in Australia to undertake research, however our research fund has meant that local clinicians and research scientists have been able to contribute to this area. However we need an injection of funds to the Haemophilia Foundation Research Fund to attract more research and to encourage new initiatives that will make life easier for people who must live with these chronic and potentially disabling disorders.
