

2019 CONFERENCE

The **19th Australian Conference on haemophilia, VWD & rare bleeding disorders** in October 2019 seemed to be enjoyed by all participants - in fact, informal feedback from delegates is rating it as one of the best!

The Conference was attended by people with bleeding disorders, their families and carers, health professionals, policy makers, industry representatives and other stakeholders who came together to meet, share information and learn from each other.

The diverse program was developed by a multidisciplinary committee chaired by Dr Liane Khoo and covered a range of interesting and challenging topics. We thank all the speakers and session chairs who contributed to our meeting.
