

VWD 360

*The Lived Experience of People with  
von Willebrand Disease*

# What is it like to live with vWD?

Haemnet's vWD360 study aims to gain a greater understanding of vWD and how it affects the everyday lives of you and your family.

Help us learn more about the real-life impact of vWD.  
We'll share the study results with the bleeding disorders community  
and the medical community.

For more information and an access code to take part,  
contact Dr Kate Khair at [research@haemnet.com](mailto:research@haemnet.com)

Haemnet is a UK research organisation working in the bleeding disorder community.  
For more information, visit our website: [www.haemnet.com](http://www.haemnet.com).

The vWD360 study has UK ethical approval and is funded by Hemab Therapeutics.
